**ORDER**

**Adopted: May 24, 2021**

**Released: May 24, 2021**

By the Chief, Pricing Policy Division, Wireline Competition Bureau:

1. In this Order, we approve the formulas for average schedule interstate settlement disbursements in connection with the provision of interstate access services proposed by the National Exchange Carrier Association, Inc. (NECA), pursuant to section 69.606 of the Commission's rules, for a one-year period beginning July 1, 2021.<sup>1</sup> For the reasons set forth below, we approve the average schedule formulas as proposed by NECA.
2. According to NECA, the methods described in its December 23 Filing represent the same methods employed in last year's filing.<sup>2</sup> NECA's proposed formula changes would result in a 3.7% overall increase in settlements at constant demand.<sup>3</sup> NECA expects actual settlements "to remain relatively flat, and increase on average by only 0.1%, due to projected losses of access lines and reductions in demand for special access services."<sup>4</sup> The impact of the proposed formula changes "on individual average schedule companies will vary depending on each company's size, demand trends and other characteristics."<sup>5</sup>
3. By Public Notice released February 12, 2021, we sought comment on NECA's December 23 Filing.<sup>6</sup> No comments were filed.
4. We have reviewed the NECA December 23 Filing and find that its proposed formulas are reasonable.
5. Accordingly, IT IS ORDERED, pursuant to sections 0.91, 0.291, and 69.606(a) of the Commission's rules, 47 CFR §§ 0.91, 0.291, 69.606(a), that the average schedule formulas proposed by the National Exchange Carrier Association, Inc., on December 23, 2020 SHALL BECOME EFFECTIVE July 1, 2021, and remain in effect through June 30, 2022.
